Top Skills

Artificial Intelligence (AI)
Algorithm Design
Algorithm Development

Languages

English (Full Professional)
Hindi (Professional Working)
Bengali (Native or Bilingual)

Certifications

Introduction to Statistics
Supervised Machine Learning:
Regression and Classification
Improving Deep Neural Networks:
Hyperparameter Tuning,
Regularization and Optimization
Generative AI with Large Language
Models
Structuring Machine Learning
Projects

Sourabrata Mukherjee

Postdoctoral Researcher at Microsoft Research | LLM, Evaluation,
Multilinguality, Interpretability | PhD(CSE) at Charles University,
Prague | Prev - (MBZUAI, TU Darmstadt, NIT Durgapur, ML Engg
Industry Exp: 6+ yrs)

India

Summary

PhD in Natural Language Processing | Charles University & MBZUAI
| 6 Years of Industry Experience in Machine Learning

I specialize in generative AI, developing innovative solutions that transform complex data into meaningful insights. Passionate about bridging cutting-edge research with real-world applications to drive innovation and enhance user experiences. Always eager to connect with fellow AI enthusiasts and explore new opportunities in the evolving landscape of artificial intelligence!

Experience

Microsoft Research
Postdoctoral Researcher
July 2025 - Present (1 year)
Bengaluru

MBZUAI (Mohamed bin Zayed University of Artificial Intelligence)
Visiting Research Scientist
July 2024 - March 2025 (9 months)
Abudhabi

LLM × Language × Culture × Social-science

Panlingua Language Processing LLP
Research Intern
January 2022 - June 2022 (6 months)
Adaptive low resource machine translation

Tricon Infotech
3 years 5 months
Lead Technical Specialist

June 2017 - September 2019 (2 years 4 months)

Bangalore Urban, Karnataka, India

Architected and implemented a statistical analysis-driven recommendation engine, optimizing user engagement and system performance.

Senior Machine Learning Engineer

May 2016 - May 2017 (1 year 1 month)

Bangalore Urban, Karnataka, India

Architected and implemented a statistical analysis-driven recommendation engine, optimizing user engagement and system performance.

Ubiquitous Knowledge Processing (UKP) Lab

Research Assistant

December 2018 - May 2019 (6 months)

Darmstadt, Hesse, Germany

Developed an automated context detection system for scientific data-to-text generation, enhancing research documentation workflows.

Avaya

Senior Data Engineer

April 2016 - May 2016 (2 months)

Bangalore Urban, Karnataka, India

Engineered an efficient log-data-analysis pipeline with optimized storage architecture, improving data processing capabilities.

o9 Solutions, Inc.

Analytics Engineer

May 2015 - March 2016 (11 months)

Designed and deployed a scalable batch analysis system and recommendation framework, streamlining data processing workflows.

Amdocs

1 year 11 months

Senior Software Engineer

January 2014 - April 2015 (1 year 4 months)

Pune, Maharashtra, India

Spearheaded development of an integrated recommendation engine with advanced search functionality, enhancing ecom-web application performance.

Software Engineer

June 2013 - December 2013 (7 months)

Full-stack ecom-web application.

Education

Charles University (Univerzita Karlova)

Doctor of Philosophy - PhD, Artificial Intelligence · (October 2019 - April 2025)

National Institute of Technology Durgapur

Computer Science and Engineering · (2013)
